Coaching isn't telling the employee what to do-it's helping the employee come up with their own answers by asking the right question at the right time. The following are 70 coaching questions managers can utilize, categorized within the framework of the four-step GROW model.

70 Coaching Questions for Managers Using the GROW Model

Asking the Right Question: Penetration Testing vs. Vulnerability Analysis Tools, Which Is Best? Over the past several years I have heard people asking the question "should I use vulnerability analysis tools to assess my web based applications or should I look to penetration testing?" I think we, as an industry, may be asking the wrong question.
