Thanks for a VERY useful site, Carlton, which I have used several times since HD TV sets came out some years back. Just replaced a 5 year old 50" plasma set (that developed a horizontal line) with another 51" plasma set, 720p, (\$399), same brand (it was easy to put all the connections in the same places and not have to use a different remote).

Pneumonia can be generally defined as an infection of the lung parenchyma, in which consolidation of the affected part and a filling of the alveolar air spaces with exudate, inflammatory cells, and fibrin is characteristic. Infection by bacteria or viruses is the most common cause, although infection by other micro-organisms such as rickettsi...

Toilet paper when used with a toilet roll holder with a horizontal axle parallel to the floor has two possible orientations: the toilet paper may hang over (in front of) or under (behind) the roll.. Some people hold strong opinions on the matter; advice columnist Ann Landers said that the subject was the most responded to (15,000 letters in 1986) and controversial issue in her column's history.

Umbilical cord prolapse is when the umbilical cord comes out of the uterus with or before the presenting part of the baby. The concern with cord prolapse is that pressure on the cord from the baby will compromise blood flow to the baby. It usually occurs during labor but can occur anytime after the rupture of membranes.. The greatest risk factors are an abnormal position of the baby within the ...
