Program or Be Programmed: Ten Commands for a Digital Age. The debate over whether the Net is good or bad for us fills the airwaves and the blogosphere. But for all the heat of claim and counter-claim, the argument is essentially beside the point: it's here; it's everywhere. The real question is, do we direct technology,...

Program or Be Programmed: Ten Commands for a Digital Age ...

Unlike a rake, a pen, or even a jackhammer, a digital technology is programmed. This means it comes with instructions not just for its use, but also for itself. And as such technologies come to characterize the future of the way we live and work, the people programming them take on an increasingly important role in shaping our world and how it works.

Program or be Programmed: Ten Commands for a Digital Age | Interactive 2010 | SXSW

Douglas Rushkoff, host of the documentaries The Merchants of Cool, The Persuaders and most recently Digital Nation, gave a thought-provoking talk titled Program or be Programmed: Ten Commands for a Digital Age. Rushkoff's main point was that it is important to be able to contend with the biases of digital media, to be able to be aware of them and make conscious choices, rather than to fall into the set of choices being presented to us.
