OpenLibrary is a not for profit and an open source website that allows to get access to obsolete books from the internet archive and even get information on nearly any book that has been written. It is sort of a Wikipedia that will at least provide you with references related to the book you are looking for like, where you can get the book online or offline, even if it doesn't store itself. Therefore, if you know a book that's not listed you can simply add the information on the site.

Sociology Now The Essentials Census

Science of Sociology - Unlike most briefer books, Sociology Now: The Essentials has separate chapter (4) on Research Methods, with full coverage of the scientific method, qualitative and quantitative approaches, predictability, probability, causality, and professional conduct.
