The Roly Kit storage box. I vaguely remember seeing these things from my childhood, sometime in the 80's, but that was a long time ago. I think I had totally abolished these things from memory long ago, when one of our members brought one to hack night filled with lots and lots of electronic components.

These little roly poly box books are delightful, intriguing, and demand to be played with (oops!). These books present themselves as simple cubes that then tumble out to be book versions of Russian nesting dolls connected to each other. I am sure my attempt at an explanation of how these look and work is inadequate.
