Welfare state aims at providing welfare of the individual citizens. According to the demands of labor market and civil society, welfare state intervenes in the economy.

Social Policy and the Welfare State | IntechOpen

It can be argued that developments in state welfare were a direct response to some of the problems generated by the changing nature for society through industrialisation and the social risks related to this. The Poor Law amendments (1834) meant that only those who were really in need, for example the poorest paid workers would receive support.
