Children, Race and Racism: How Race Awareness Develops By Louise Derman-Sparks, Carol Taylor Higa, Bill Sparks This article is based on a two-part study conducted in Southern California during 1978-80. In one part, pre-school, day-care and elementary workers recorded children's comments on racial identity and racism. In

Children, Race and Racism: How Race Awareness Develops

The race we hear when we hear voices may be a particularly insidious way to trigger our implicit biases because it avoids aspects of race that we are more consciously aware of like skin color. An awareness of how we respond implicitly to language is important for overcoming racial discrimination.

RACE, RACIALISM, LANGUAGE EVOLUTION

White people is a racial classification specifier, used mostly and often exclusively for people of European descent; depending on context, nationality, and point of view. The term has at times expanded to encompass persons of Middle Eastern and North African descent (for example, in the Census definition), persons who are often considered non-white in other contexts.
